

PNEUMATIC STAPLE AND NAIL GUNS

When the job demands high-tempo, precision fastening, Rapid's pneumatic staple and nail guns always deliver the best results. Our range covers all needs, from simpler fastening tasks and jobs around the house to professional applications and more specific challenges such as framing or roofing. Our powerful, efficient products make working with long-leg staples easy and trouble-free. Every model is characterised by ergonomic performance enabled by lightweight construction, great balance and smartly designed, easy-to-use handles - and of course, we have also prioritised performance, user-focused features and creating a selection of models that covers many different types of staples and nails. Together these features deliver outstanding working efficiency and user comfort, whatever the job.

Suitable for: framing, roofing, panelling, upholstery, mouldings.
