

ELECTRIC STAPLE AND NAIL GUNS

No matter the job in hand, Rapid's electric staple and nail guns deliver quality performance and precision fastening. Designed to cater for a broad spectrum of users and applications, we offer a highly comprehensive selection to the market. Like every Rapid product, the range has its starting point in outstanding ergonomics, performance and user-focused features. Furthermore, they are maintenance-free, and able to fasten materials quickly and with high accuracy. We even supply cordless models that offer outstanding user mobility. As well as including electric and battery powered models for more everyday tasks, our professional range also offers solutions specifically created for finishing work.

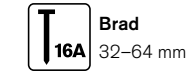

Suitable for: upholstery, panelling, skirting board, mouldings and other finishing applications.

PRO

BN64

Description	Art. No.	EAN Code	Units
Case	5000837	4051661024566	2

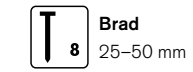

Powerful cordless performance for professional users. Optimal freedom of movement and increased access into corners thanks to a 20° angled magazine. Battery operated brad nailers lets the user avoid complicated gas-driven solutions. Ideal for skirting board, architrave and window trim, tongue and groove panelling, flooring, wall or indoor roofing panels.

- 20° angled magazine for easy access into corners
- 18 V Li-Ion battery (2 pcs x 2 Ah included)
- Instant trigger response for reduction of work time
- Dry-fire control
- Two-step sequential firing for safety
- Adjustable depth penetration
- More than 500 nails capacity per battery charge (2 Ah)
- Batteries are re-charged to at least 80 % in 45 mins with supplied quick charger
- Fly-wheel drive for high power and reliability
- Non-marking rubber pad to protect from scratching
- Quick-release hinge for tool free removal of jams
- 2 year guarantee
